

Project:	2022-RFT-038 Public Works Granular Material Supply		
Addendum No.:	01	No. of Pages	2
Date:	July 25, 2022	Doc. No:	P7201-1757552025-164 (1.0)

The following change(s) in the Tender Documents are effective immediately.
This Addendum forms part of the Contract Documents.

Question 1.1:

How will the City determine the compliance of the material before delivery to F.O.B. point?

Response 1.1:

Proponent will be required to perform sieve analysis on the granular material supplied and provide the results to the City prior to delivery to FOB. Sieve analysis testing will be required for Granular A material only. Sand (modified Granular C material) will be verified on site visually by Public Works staff for compliance once the material has been delivered.

Question 1.2:

If applicable, please determine methodology/type of testing for each product against 4.1.1.1/2/3 and 4.1.2.1/2?

Response 1.2:

For Granular A material, Proponent will be required to undertake sieve analysis testing to confirm that the material meets the requirements as per section 4.1.1 of the RFT. For Modified Granular C material (i.e.: sand), no testing will be required as the product will be inspected visually by Public Works staff once it has been delivered to site.

Question 1.3:

How will the City validate the quantities delivered?

Response 1.3:

Quantities will be validated based on truck loads delivered to site.

Question 1.4:

Travel and Room & Boards costs are usually included in our labor rates and therefore would be included in the unit prices. In that regard, please clarify 3.1.4e) "Travel and accommodation expenses shall not be included in the rates quoted and shall be billed separately and charged in accordance with the applicable
