

Addendum No. 2

Project: Design the extension of AV270
Project No: 2023-RFP-056
Date: July 14, 2023

***Question 1.1:** Can you confirm that the water model inputs and outputs, i.e. main sizes and materials, flow and capacity outputs, will be provided to the successful proponent to allow validation of capacity and sizing of the segment from AV213 to AV 300A?*

Response 1.1: The City cannot guarantee that the requested information will be provided
