

ADDENDUM

Project Name:	Provision Of Automotive Heavy Equipment Fluids.
Addendum Number:	1
Project ID:	2026-RFQ-007
Date:	21-05-2026

The following change(s) in the Tender Documents are effective immediately.

This Addendum forms part of the Contract Documents. The changes outlined in this addendum shall take precedence over the original contract documents.

Question 1:

Can the City confirm the required specification for the Cummins oil listed in the RFQ?

Response 1:

The required specification is 0W30 full synthetic.

Question 2:

Can the City confirm the correct tire size for the 140 AWD Grader? Can the City also confirm whether an all-position tire is acceptable if a snow tire is not available in the requested size?

Response 2:

The correct tire size for the 140 AWD Grader is 17.5R25.

If a snow tire is not available for the 315/80R22.5 size, an all-position tire is acceptable. Proponents should clearly identify this in their submission.

Question 3:

For Item 2, can the City confirm the required packaging format for the 5W20 Ford engine oil?

Response 3:

The City confirms that 208 L barrels are required.

Question 4:

Line 1 appears to list the oil as “0WJ0 full synthetic.” Can the City confirm the correct product specification?

Response 4:

The correct specification is 0W30 full synthetic for heavy-duty trucks, Cummins specification.

Question 5:

Can the City confirm whether Line 2 should be 5W20 or 5W30, and whether the oil is for gasoline engines? Can the City also confirm whether full synthetic or synthetic blend is required?

ADDENDUM

Response 6:

Line 2 should be 5W20. It is for gasoline engines and must be full synthetic.

Question 7:

For Line 6, can the City confirm whether the ATF Synguard requires a heavy-duty specification?

Response 7:

Yes. A heavy-duty specification ATF is required.

Question 8:

For Line 8, CAT Extreme Grease is available in winter and summer thicknesses. Can the City confirm which thickness is required?

Response 8:

The City requires the winter thickness grease.

Question 9:

Can the City confirm whether the tender lists 5W20 or 5W30?

Response 9:

The required product should be 5W20.

Question 10:

The first item is listed as "0WJ0," which does not appear to match an identifiable product. Can the City confirm the correct item description?

Response 10:

The correct item description is 0W30 full synthetic.
