		Date: April 18, 2019
		Doc. No.: 820837-0063 (1.0)

The following change(s) in the RFP Documents are effective immediately.
 This Addendum forms part of the RFP Documents.

ITEM	DESCRIPTION
1.1	Clarification Questions
1.1.1	<p>Q1: In section 3.4.2, are project examples to be provided only for the prime consultant, or should three examples be given for each sub-consultant firm as well?</p> <p>A1: Please provide the project examples for each sub-consultant firm in addition to the prime consultant.</p>
1.1.2	<p>Q2: What is the minimum score required for the technical evaluation in order for the financial submission to be considered?</p> <p>A2: The minimum score on the technical evaluation in order to proceed to the financial envelope is 49 points (70% of the 70 available points).</p>
1.1.3	<p>Q3: In section 3.4.1, are the project descriptions to be included as part of each person’s resume, or separately?</p> <p>A3: The project descriptions are to be included in the body of the proposal as part of the list of similar projects. They can also be added in the individual resumes if space allows.</p>
1.1.4	<p>Q4: Please clarify the intended meaning of “proposed solution” in section 3.4.3. Is the proponent requested to submit design concepts as part of the proposal?</p> <p>A4: The proponent is not required to submit design concepts as part of the proposal as the City’s requirements are to be defined during the functional program phase. This section is focused on how the proponent will deliver a project from the function program to construction and closeout. The proposed solution would detail how you will work with the City to achieve their goals and meet their requirements based on your firm’s past experience on similar projects.</p>
