ADDENDUM NO. 1

Project	RFP – AFFORDABLE HOUSING LOTS	Addendum No.	1
Project No.	PW100219	No. of Pages	1
		Date	August 22, 2019

Question: We would like clarification please on section Procedures 2.a. second bullet point. Does this section refer to section Evaluation Criteria 4. Funding and Financing? Our confusion stems from the wording of Procedures which states:

"a written response to each of the Proposal Call Evaluation Criteria noted on page 5 as well as...
a development proforma providing development costs and potential financing options to demonstrate project feasibility."

The above section and Criteria 4 seem to refer to the same thing.

Response: The above understanding of the wording is correct. Bullet 2.a. on page 3 is referring to the information requested on page 6, criteria 4. *Funding and Financing*.

The wording is meant to communicate that the proforma may be attached in a separate format (for example, a spreadsheet) from the written response to Project Proposal Evaluation Criteria described on pages 5 through 7.
