

RFQ FOR THE PROVISION OF NEW TIRES

ADDENDUM #1 – MAY 1, 2019

Clarification Questions:

Q1: Do we need to include the cost of crating for this RFQ?

A1: No. This will amend 2.3.1 in the RFQ. The City will have the maritime transport company NEAS do the crating. Charges for crating and/or containers therefore will be borne by the City. The proponent still needs to include any packing and cartage charges to the F.O.B. point in Valleyfield, Quebec.
