Hot Spot at Landfill – Update VII

May 9, 2022 – Iqaluit, Nunavut

The City of Iqaluit would like to advise residents that the landfill is operating at normal operations and that the road to the deep sea port has been reopened.

Residents are asked to refrain from calling dispatch to report steam or smoking from the landfill – as these are an expected result of the ongoing treatment of hot spots. Please only call dispatch to report active flames at the landfill.
