Water Shut Down and Precautionary Boil Water Advisory – 100s,

200s, 300s

November 9, 2022 – Iqaluit, Nunavut

Please be advised of a water shut down on **Thursday, November 10th, 2022 from approximately 9:00 am to 11:00am.** to allow for necessary water infrastructure work.

Location of water interruption: 100s, 200s, 300s

The City of Igaluit is issuing a precautionary boil water advisory for the above addresses.

During a precautionary boil water advisory, the City recommends that all water for consumption is brought to a rolling boil for a **minimum** of one full minute.

It is recommended that all water be boiled for the following uses:

- drinking;
- preparing infant formulas;
- preparing juices and ice cubes;
- washing fruits and vegetables;
- cooking; or
- brushing of teeth.

Water can be boiled either in a pot or kettle on a stove or an electric kettle without an automatic shut-off. It is not

The City of Iqaluit will release a Public Service Announcement when the precautionary boil water advisory is lifted.
