Economic Development Plan – Resident Survey

October 3, 2023 – Iqaluit, Nunavut

The City of Iqaluit is creating our new Economic Development Plan and wants input from our residents.

This document will outline the City's goals, strategies and initiatives to promote and sustain economic growth and improvements for our residents and business community. The primary purpose is to enhance the overall economic well-being of the municipality and its residents by creating jobs, improving infrastructure, and enhancing the quality of life for residents.

As part of this process, the City wants to hear from Iqaluit residents. A community survey is now open until October 20 and will be the first of many opportunities to provide input to the City on your experiences, ideas, and values. The survey can be accessed via QR code, or through the following link:

<https://www.surveymonkey.com/r/ENGresidentsurvey>

Please contact Geoff Byrne if you require assistance or to request a physical copy of the survey.

Residents who complete the survey and include their contact information will be eligible to win a \$100 grocery gift card.
