## Water Shut Down and Precautionary Boil Water Advisory – Nov 23

**400's, 500's +1600's**

**November 22, 2023 – Iqaluit, Nunavut**

Please be advised of a water shut down on Thursday, **November 23rd, 2023 from 10:00 a.m. to 1 p.m.** to allow for necessary water infrastructure work.

Location of water interruption: **400's, 500's +1600's**

The Government of Nunavut will issue a precautionary boil water advisory for the above addresses following the shutdown.

During a precautionary boil water advisory, the Health Department recommends that all water for consumption is brought to a rolling boil for a **minimum** of one full minute.

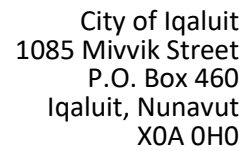

It is recommended that all water be boiled for the following uses:

- drinking;
- preparing infant formulas;
- preparing juices and ice cubes;
- washing fruits and vegetables;
- cooking; or
- brushing of teeth.

Water can be boiled either in a pot or kettle on a stove or an electric kettle without an automatic shut-off.

The City of Iqaluit will release a Public Service Announcement when the precautionary boil water advisory is lifted.
