5. STATEMENTS

Councillor Nattaq stated that elders around the city are trying to recruit new members for the city's committees.

Councillor Matshazi advised on completion of a concept paper; a case for establishing an Economic Development Investment Fund for the City of Iqaluit. The concept paper will be distributed to councillors in the future. He noted discussions from the January 10th Special City Council Meeting pertaining to committees and hopes changes will be made going forward to give better structure in the future.

Councillor Rochon wanted to thank our peace officers for helping the elementary children in front of the school to cross safely with the high snow banks. He suggested that when the city decides to announce winter closures that this be done before residents leave their homes to return to work for the afternoon.

Councillor Dobbin reminded staff the by-law should be enforced for snow banks higher than ten feet that are obstructing the view of drivers and pedestrians.

Deputy Mayor Stevenson agreed with Councillor Dobbin that the high snow banks are very dangerous; without implementing fines, we could actively remind residents of the dangerous situation to prevent an accident from happening.
