

PUBLIC SERVICE ANNOUNCEMENT

ARNAITOK ARENA RENOVATIONS

7 SEPTEMBER 2018 (IQALUIT, NUNAVUT) – The City would like to advise residents and ice user groups that a project to replace the dasher boards at the Arnaitok Arena will commence this fall, and is expected to be completed by December 2018.

Due to the impact this project will have on ice-time, the City will be extending the available hours at the Arctic Winter Games Arena from October to the end of December, and will extend the regular ice season at the Arnaitok Arena to June 1st, 2019.

In addition, as there may be some temporary reductions to ice time, the City would like to request that residents provide some flexibility with the selection of timeslots. Ice time availability and request forms are available at the AWG Recreation Office or on the City of Iqaluit [ICE-TIME BOOKING REQUEST FORM](#)

The City would like to thank you for your understanding, and your continued support of recreation in Iqaluit.
